### PAUL REVERE

On April 18, 1775, in the dark of night, Paul Revere 1 to pounding on his door. Friends 2 news: British troops were on the move!

3 pulled on his clothes and jumped on a borrowed horse. Along with two other horsemen, he galloped from his home in Boston, Massachusetts, to the 4 town of 5. While there, he warned the American leaders John Hancock and Samuel Adams about the approaching British 6.

Revere then 7 on to warn the town of 8, where the Americans had stored guns. 9 scouts were waiting. They captured Revere and one of the other 10.

But the alarm had 11 spread. American minutemen (volunteer soldiers) ran from their homes to defend their towns. By morning, they lay waiting for the British troops. The 12 of 13 and Concord became the first battles of the American Revolution.

## EARLY LIFE

Paul Revere was born in Boston in 1735. His father was a silversmith.

As a 14 man, he entered his 15's silversmith business.

16 AND CRAFTSMAN

Revere quickly gained fame as a talented silversmith. His finely made bowls and gleaming tea sets were widely 17. Today, a 18 of Revere silver is worth a fortune!

Gifted with his hands, Revere learned to craft many useful things. He built medical instruments, engraved pictures, and even made false teeth.

## AMERICAN PATRIOT

Revere used his 19 as a craftsman to support American 20. He engraved 21 cartoons that scorned the 22. Many of his cartoons were seen throughout the 23 24. Revere also served as a messenger for some of Boston's best-known American patriots, including 25 and Hancock.

In 1770, 26 soldiers fired into a mob, 27 five Americans. 28's famous 29 of this 30, known as the Boston Massacre, whipped up American anger.

On a cold December night in 1773, Revere took part in the Boston Tea

Party. 31 a British tea tax, 32  
33 on board British 34 and dumped  
expensive tea into Boston Harbor.

WHAT DID REVERE DO 35 THE WAR?

36 the American Revolution, 37 served in  
the Massachusetts militia. He also continued his business. He helped  
make cannons for the army and engraved metal 38 for  
printing money. He also designed the seal (logo) still used by the state  
of Massachusetts.

AFTER THE WAR

After the war, Revere continued as a 39 silversmith. An  
expert metalworker, Revere 40 how to roll  
41 of 42. He went on to build the first mill in  
the 43 States that made sheets of copper. Revere died in  
Boston in 1818.
