

The Natural Wonders of Patagonia

Across

2. A large or excessive amount of something; an abundance.

Down

1. Extremely large or great; used to describe something that is vast in size and scale.

6. A body of traditions and knowledge on a subject, typically passed from person to person by word of mouth.
 7. Long, narrow, deep inlets of the sea between high cliffs, typically formed by the submergence of a glaciated valley.
 10. The process of a glacier where large pieces of ice break off and fall into the sea; also referred to as icebergs breaking off from a glacier.
 11. The activity of going on long, arduous journeys, typically on foot and in areas where common means of transport are not available.
 12. Comfort or consolation in a time of distress or sadness.
 13. Of such excellence, grandeur, or beauty as to inspire great admiration or awe.
 15. Extensive, treeless plains in South America, particularly in Argentina, known for their rich soil and grassy landscape.
3. A complicated irregular network of passages or paths, often used metaphorically to describe something complex and intricate.
 4. A mixture or medley; a variety of different things.
 5. A picture or pattern produced by arranging together small colored pieces of hard material, such as stone, tile, or glass; used metaphorically to describe a complex collection or mixture.
 8. A tall, slender, pointed structure on top of a building, especially a church tower; used here to describe the peak-like shape of mountains.
 9. The variety of plant and animal life in a particular habitat, a high level of which is usually considered to be important and desirable.
 14. A very hard, granular, crystalline, igneous rock consisting mainly of quartz, mica, and feldspar; often mentioned in geology and natural landscapes.
